Preface:

Journey through Arts and Alphabet is especially prepared for children in the pre-school level in order to broaden their appreciation of the things around them. Illustrated pictures and activities may not be familiar but through constant practice, they will eventually develop their love and eagerness to accomplish, learn and master all the lessons found in this activity book.

If this book will be properly utilized, children will become more proficient in recognizing and identifying the letters of the alphabet and their skills in the arts will also be enhanced.
