Preface:

The authors have compiled in this **English-Spanish-Filipino Dictionary** thousands of the most common words based on fundamental word lists compiled by educators from well-known universities as well as the words taken from the Institute of National Language vocabularies. This vocabulary contains words used in everyday life and is very practical. The English-Spanish have been chosen for their accuracy and simplicity in meaning as used in everyday conversations. Filipino equivalents which have been derived from Spanish or English words have been incorporated to enrich the National Language as time progresses.

The orthography of Tagalog words is in conformity with the rules of the official grammar published by the Institute of National Language.

At the back of this new vocabulary can be found foreign words, phrases, word derivatives and abbreviations in Latin, French, Spanish, ENGLISH, German, and Italian.
